SUMMARY

Full-Stack Developer with 3 years of experience building web applications using JavaScript, TypeScript, React, Next.js, Node.js, and Express. Experienced in collaborating with clients and cross-functional teams to gather requirements and translate them into technical solutions. Skilled in designing responsive, user-friendly interfaces and reliable back-end services, with hands-on expertise in automated testing (Jest, Cypress) and performance optimization. Recently dedicated time to self-directed demo projects to deepen my proficiency in modern JavaScript tooling. Currently seeking new opportunities in software development.

EXPERIENCE

Front-End Developer
IMS Studio (Remote)   April 2022 - May 2023，USA

- Developed responsive user interfaces and dashboards using React.js, Next.js, and TypeScript.
- Worked closely with Lead developers to integrate APIs to React code.
- Implemented automated tests with Jest and Cypress to ensure code reliability.
- Optimized web pages for performance and improved user experience.

Full-Stack Developer (Jun 2021 – Apr 2022)
Salsun Soft Solutions   June 2021 - April 2022，Gujranwala

- Built a food delivery web application, developing both user interfaces and back-end APIs.
- Set up real-time notifications using Node.js and Service Workers to update users.
- Integrated third-party payment gateways and handled secure transactions.
- Created a Food Delivery Mobile application using React Native.

Full-Stack Developer
Upwork (Freelance)   February 2021 - June 2021，Remote

- Developed full-stack web applications and RESTful APIs using Node.js and Express.js.
- Created interactive front-end components with React and managed state using React Context.
- Collaborated remotely with clients to gather requirements and deliver solutions.

Front-End Intern
Red Apple Solutions   October 2020 - December 2020，Gujranwala

- Assisted in creating responsive web interfaces with HTML, CSS, JavaScript, and jQuery.
- Tested and debugged web pages for cross-browser compatibility and performance.
- Helped improve user interface elements to enhance user interaction.
